4. CORRESPONDENCE

(a) Traffic Cables on Caerphilly Road, Senghenydd

An e-mail has been received from Tania Swarbrick, Assistant Engineer for Caerphilly County Borough Council, advising the Community Council of the results of the speed survey carried out on Caerphilly Road in Senghenydd. The average speed of all vehicles during the week was recorded at 22.9mph and the 85th percentile (i.e. the speed at which 85 percent of the vehicles are travelling at or below) was 28.6mph. Caerphilly Road does not meet the intervention criteria with the Speed Management Strategy for the implementation of speed reduction measures.

(b) Speed Surveys in Abertridwr

An e-mail has been received from Dean Smith, the Principal Engineer for Caerphilly County Borough Council, informing the Community Council that whilst CCBC endeavours to investigate all complaints about excessive traffic speeds they do not have an infinitely large budget for undertaking speed surveys. A speed survey request has recently been carried out in Abertridwr, therefore any further requests cannot be accommodated in this area during the current financial year. In view of this, the further requests have been added to the list of sites to be carried out from a future programme of works, subject to the availability of funding at that time. The cost for carrying out the 4 speed surveys requested is £320, this work could

be carried out in the current financial year if the Community Council is prepared to fund it.

(c) Caerphilly Fireworks Display 2018

A letter has been received from the Clerk of Caerphilly Town Council requesting financial assistance towards the annual fireworks display at Caerphilly Castle, which will take place on Saturday 3rd November 2018.

5. A.O.B.

(a) Community Council Presentation Evening

Members to discuss and confirm arrangements for the Community Council Presentation Evening to be held on Thursday 27th September 2018.
